Group Letter Opposing the Trump Administration's Rescissions (Funding Cuts) Package

(sent to all House and Senate offices)

May 22, 2018

Dear Representative/Senator:

The undersigned 151 national organizations strongly urge you to reject the \$15.3 billion rescissions package proposed by the Trump Administration as well as other rescissions messages that may be subsequently offered. These cuts would violate the agreement enacted in the Bipartisan Budget Act, by eliminating funds that make fairer levels of domestic appropriations possible, so that unmet needs in public health, education, job training, housing, and other essential areas may be addressed.

The Children's Health Insurance Program (CHIP) is targeted for nearly half the cuts in the rescissions package. Nearly \$2 billion of the rescinded funds could reduce CHIP's capacity to respond if enrollment unexpectedly rises, as in the aftermath of a disaster, large layoffs due to plant closures, or an overall economic slowdown. Congress just enacted a long-overdue 10-year reauthorization of CHIP; it should not undermine that bipartisan agreement either by tampering with CHIP in this package. Another \$5 billion would renege on the two-year Bipartisan Budget Act agreement, which in part counted on the availability of unspent CHIP funds to pay for needed increases in other services of importance to children and families.

The rescissions package also includes an \$800 million cut to the Center for Medicare and Medicaid Innovation, a program which according to the Congressional Budget Office will save \$3 for every \$1 spent between 2017 and 2026. It makes no sense to end such a cost-effective investment. Nor does it make sense to describe this package of cuts as putting "...our Nation on a sustainable fiscal path" when the recently enacted tax cuts, mainly for the wealthy and corporations, impose a \$2 trillion cost.

Congress made important progress in the FY 2018 Omnibus appropriations bill because its bipartisan agreement allowed for increases in child care, opioid treatment, and other services. Congress should now turn its attention to building on this progress in FY 2019. Reneging on the hard-won bipartisan agreements now will make further gains extremely difficult. With the limited number of legislative days before you, please do not be distracted by undoing past progress.

We cannot emphasize enough that basic needs programs have lost ground after years of reductions, making it extremely important that you do not undermine the agreement to start to reverse these downward trends. Adult and youth job training has been cut nearly 15 percent since FY 2010, adjusted for inflation. If we are serious about helping people to get good jobs, we must undo these cuts. Many other services need rebuilding, such as home heating and cooling assistance (cut nearly 38 percent since FY 2010), juvenile justice programs (cut more than 40 percent), maternal and child health programs (cut 14 percent), and special education funding (cut between 7-11 percent since FY 2010). In an analysis of more than 180 human needs programs, the Coalition on Human Needs found that nearly 70 percent are still at lower levels than in FY 2010.

Please reject this rescissions package, and turn instead to your real responsibility: to provide adequate resources to address the unmet needs for education and training, child care, housing, health care, and other essential services.

Sincerely,
