

October 28, 2019

The Hon. Nancy Pelosi, Speaker
The Hon. Kevin McCarthy, Minority Leader
United States House of Representatives
Washington, DC 20515

The Hon. Bobby Scott, Chairman
The Hon. Virginia Foxx, Ranking Member
Committee on Education and Labor
United States House of Representatives Washington, DC 20515

Dear Speaker Pelosi, Leader McCarthy, Chairman Scott and Ranking Member Foxx:

On behalf of the undersigned 72 national organizations with a vested interest in the well-being of America's older adults and caregivers, we write to you today in support of the House-proposed *Dignity in Aging Act* (H.R. 4334) to reauthorize the Older Americans Act (OAA). We urge Members of the House to support this important five-year OAA reauthorization. Reauthorization of this critical Act, which expired on September 30, will ensure the sustainability of vital OAA programs, as well as the health, dignity, and independence of older Americans and their caregivers.

The OAA is essential to developing, coordinating, and delivering home and community-based services that help older adults age with independence and dignity. Many individuals served by OAA-funded programs are at significant risk of hunger, isolation, abuse, and losing their ability to live with health and independence. OAA-supported programs are provided to more than 11 million seniors and their caregivers annually. These vital supports include, but are not limited to, home-delivered and congregate nutrition services, in-home supportive services, multipurpose senior centers, transportation, caregiver support, disease prevention and health promotion, community service employment, the long-term care ombudsman program, and services to prevent the abuse, neglect, and exploitation of older adults.

By keeping seniors healthy and in their communities for more than 50 years, OAA programs have delayed or prevented the need for more expensive institutional care for many older adults, which is often paid for through Medicare or Medicaid. OAA services can effectively save taxpayer, state, and federal dollars. In addition to helping older adults age in place where they most often want to be, OAA programs have improved our country's fiscal future and promoted efficiencies within the health care system by preventing unnecessary hospital stays, reducing readmission rates, coordinating care, and managing care transitions.

We appreciate that the *Dignity in Aging Act*, H.R. 4334 builds upon the early bipartisan Senate draft bill and incorporates a number of important priorities articulated by stakeholder organizations. Most importantly, the *Dignity in Aging Act* calls for much-needed and necessary investments in the OAA by increasing funding

authorizations over the next five years—a top priority of the undersigned organizations and the most critical need of the Aging Services Network authorized by the OAA.

Other priority areas include research innovation and demonstrations, Native American services, local planning and development, supports for those suffering from dementias and social isolation, legal services, nutrition, in-home supportive services, disease prevention and health promotion, multigenerational collaboration, and family caregiver supports. We appreciate that the House proposal to reauthorize the OAA has preserved the numerous ways in which this Act works so well at the federal, state, and local levels, on behalf of the older adults and caregivers for whom it is a lifeline to dignity, independence, health, safety, and economic security.

Thank you for your commitment to this important issue. The undersigned organizations represent a diverse set of stakeholders, and we urge Members of the House to swiftly advance this bill to reauthorize the Older Americans Act.

Sincerely,

AARP
