

# NWD Sustainability Series: Peer Action Learning (PAL) Hour Public Outreach

April 17, 2024

# Agenda

---

- Introductions (3 minutes)
- Framing (12 minutes)
- State Interview with Minnesota (15 minutes)
- Participant Break-out Discussions (20 minutes)
- Closing (10 minutes)
- Optional Office Hours 3-3:30pm

# Introductions and Goal Outcomes

---

- Actively engage with peers
- Use the chat feature
- Take back ideas that you can implement!

A large blue speech bubble with a white border and a drop shadow, containing white text.

Please type into the chat your name, state, and “one good thing” that has happened to you this week (work or personal)!

# Working Agreements

---

Active engagement

Minimize  
distractions

No right or wrong  
answers

Participate in  
breakouts &  
consider turning  
videos on

# Sustainability Learning Series

---

- ❑ Four-part series on the functions of NWD
- ❑ Each session is followed by an optional, half-hour “office hour” session
- ❑ Webinars include a lens on how to sustain/finance each function
- ❑ Step towards a comprehensive strategy to blending and braiding various funding streams to support NWD

## Governance

March 6<sup>th</sup> 2-3 PM ET

## Public Outreach

April 17<sup>th</sup> 2-3 PM ET

## Person-Centered Counseling

May 22<sup>nd</sup> 2-3 PM ET

## Streamlined Access

June 5<sup>th</sup> 2-3 PM ET

# Framing

---

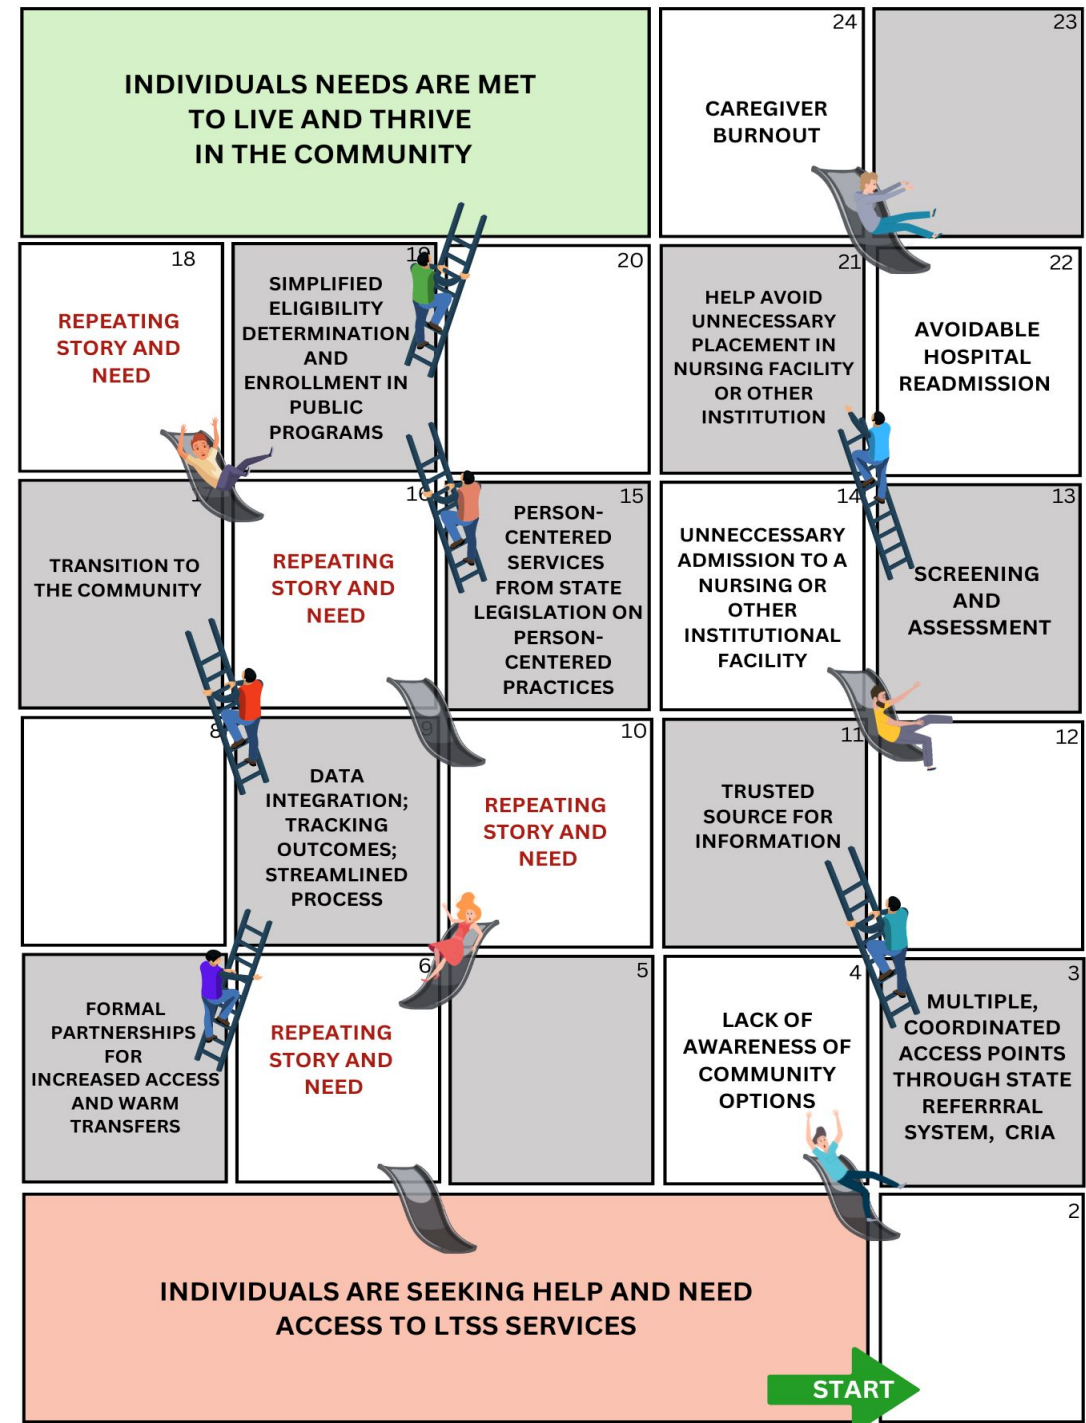

# Navigating Access to Services

At times, people are faced with navigating confusing, disjointed and often duplicative processes for accessing services and supports at times of need. These experiences, among other challenges and pain points to access services, represent the "chutes".

A more coordinated state access system empowers individuals to make informed decisions, to exercise control over their long-term care needs, and to achieve their personal goals and preferences. Formal partnerships, streamlined access points, and person-centered approaches across all programs and services available to individuals make up the "ladders" to help people meet their needs and live and thrive in the community.

With more "ladders" to lift people needing services, a more coordinated access system can prevent or protect people from falling down the "chutes" of a siloed and confusing landscape of accessing services.

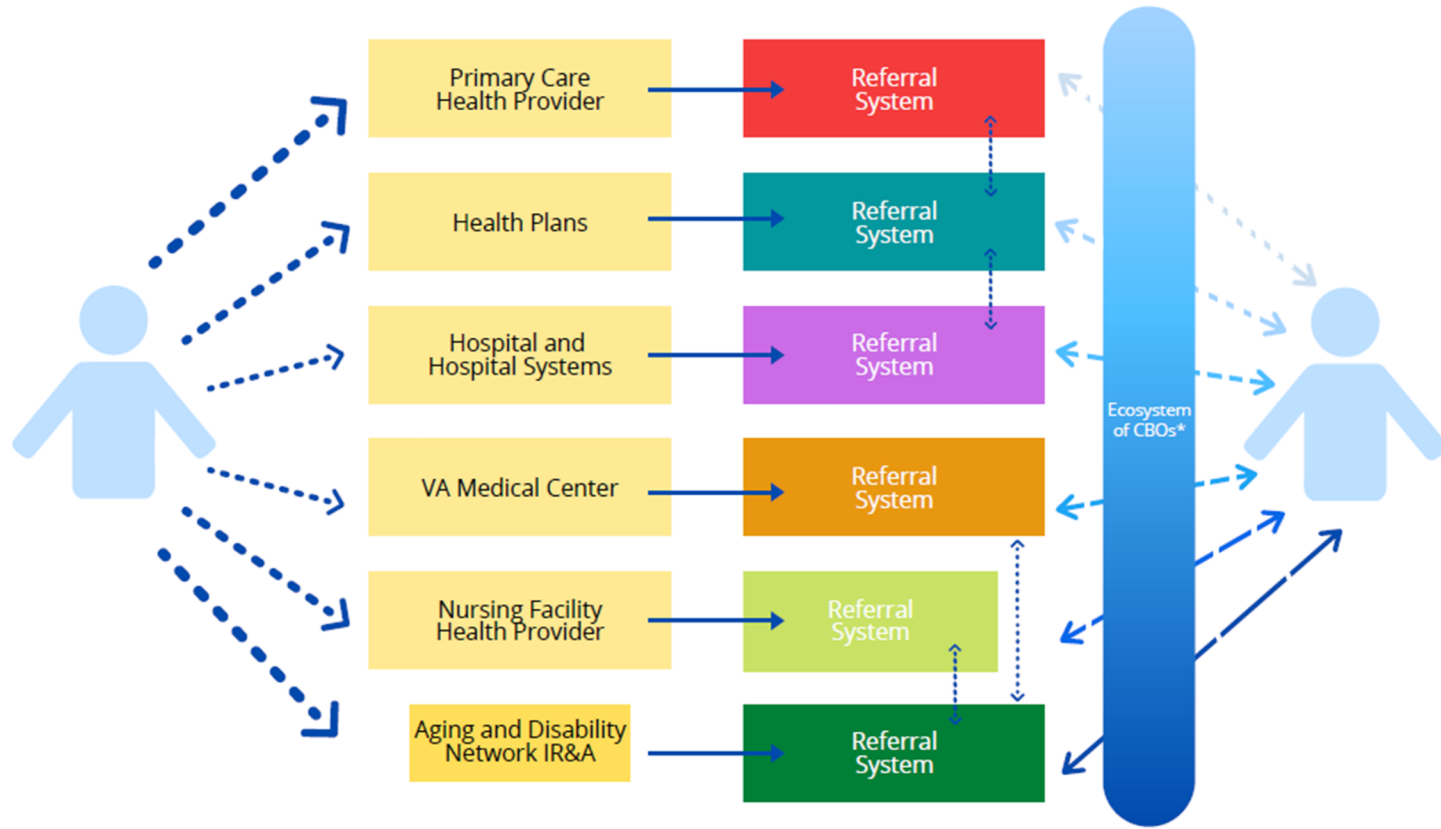

# The need for modernized technology

## A challenge of differing platforms that lack seamless connections

Person has a need, either direct or indirect      An inquiry is conducted      Referrals generated and tracked in different systems and in different ways      Risk assessments, follow-up protocols, and data collection on success or change in needs varies

\*Includes connections to social and health-related services, such as housing assistance, assistive technology, nutrition programs, caregiver support, and in-home services

NWD Key Elements

# Components of Public Outreach

- Nursing Facilities, Hospitals and Youth Transition Entities
- Veterans Administration Medical Centers
- Information and Referral Entities
- Statewide Website and Toll-free Number
- Trusted Source of unbiased, in-depth information and 1:1 Counseling
- Public Outreach and Education

# Public Outreach Critical Partnerships

---

# No Wrong Door System Impact

NWD Data: April 2020 – September 2022\*

**14,649,810**

*Unduplicated contacts receiving information, referrals, and other assistance*

**2,587,448**

*Individuals receiving Person-Centered Counseling*

**Increased access for hard-to-reach populations**

How NWD/ADRC Systems have Advanced Equity During the COVID-19 Pandemic and Beyond

Vaccine Rollout

**283,032,418**

People reached through individual assistance outreach activities

People Receiving Individual Assistance

710,150

60 Years and Older

364,553

People with Disabilities

516,846

Minorities

\*This data represents all local NWD entities (ADRCs, AAAs, or other CBO partner organization) as best as possible and takes into account each state and territory's particular NWD and reporting system.

# 2023 LTSS State Scorecard: Public Outreach and Coordination with Key Referral Sources

## Outcomes

42 states have a toll-free number that connects to trained Information and Assistance Specialists

37 states have a publicly searchable and accessible website that includes regularly updated information about public and private LTSS

6 states have formal agreements with hospitals or rehab facilities for transitions home

8 states have formal agreements with VA Medical Centers to provide the Veteran Directed Care (VDC) program

**Top 4 States for Public Outreach**

Washington, Massachusetts, Connecticut, Minnesota

# Sustaining NWD Public Outreach

---

# Partner with 211

---

- ❑ The Wisconsin Department of Health Services developed a [sample MOU](#) for use between the state's ADRCs and 211. Each of Wisconsin's 48 ADRCs has its own MOU with 211 using the template as a reference.
- ❑ The Maryland Department of Aging [partnered with 211 Maryland](#) to increase access to aging and disability information and connect consumers to resources quicker.
- ❑ Virginia has a NWD contractual agreement with 211 for trained professionals to support the 24/7 Live Chat for information and referrals and monitor the 24/7 toll-free number available in 200+ languages.

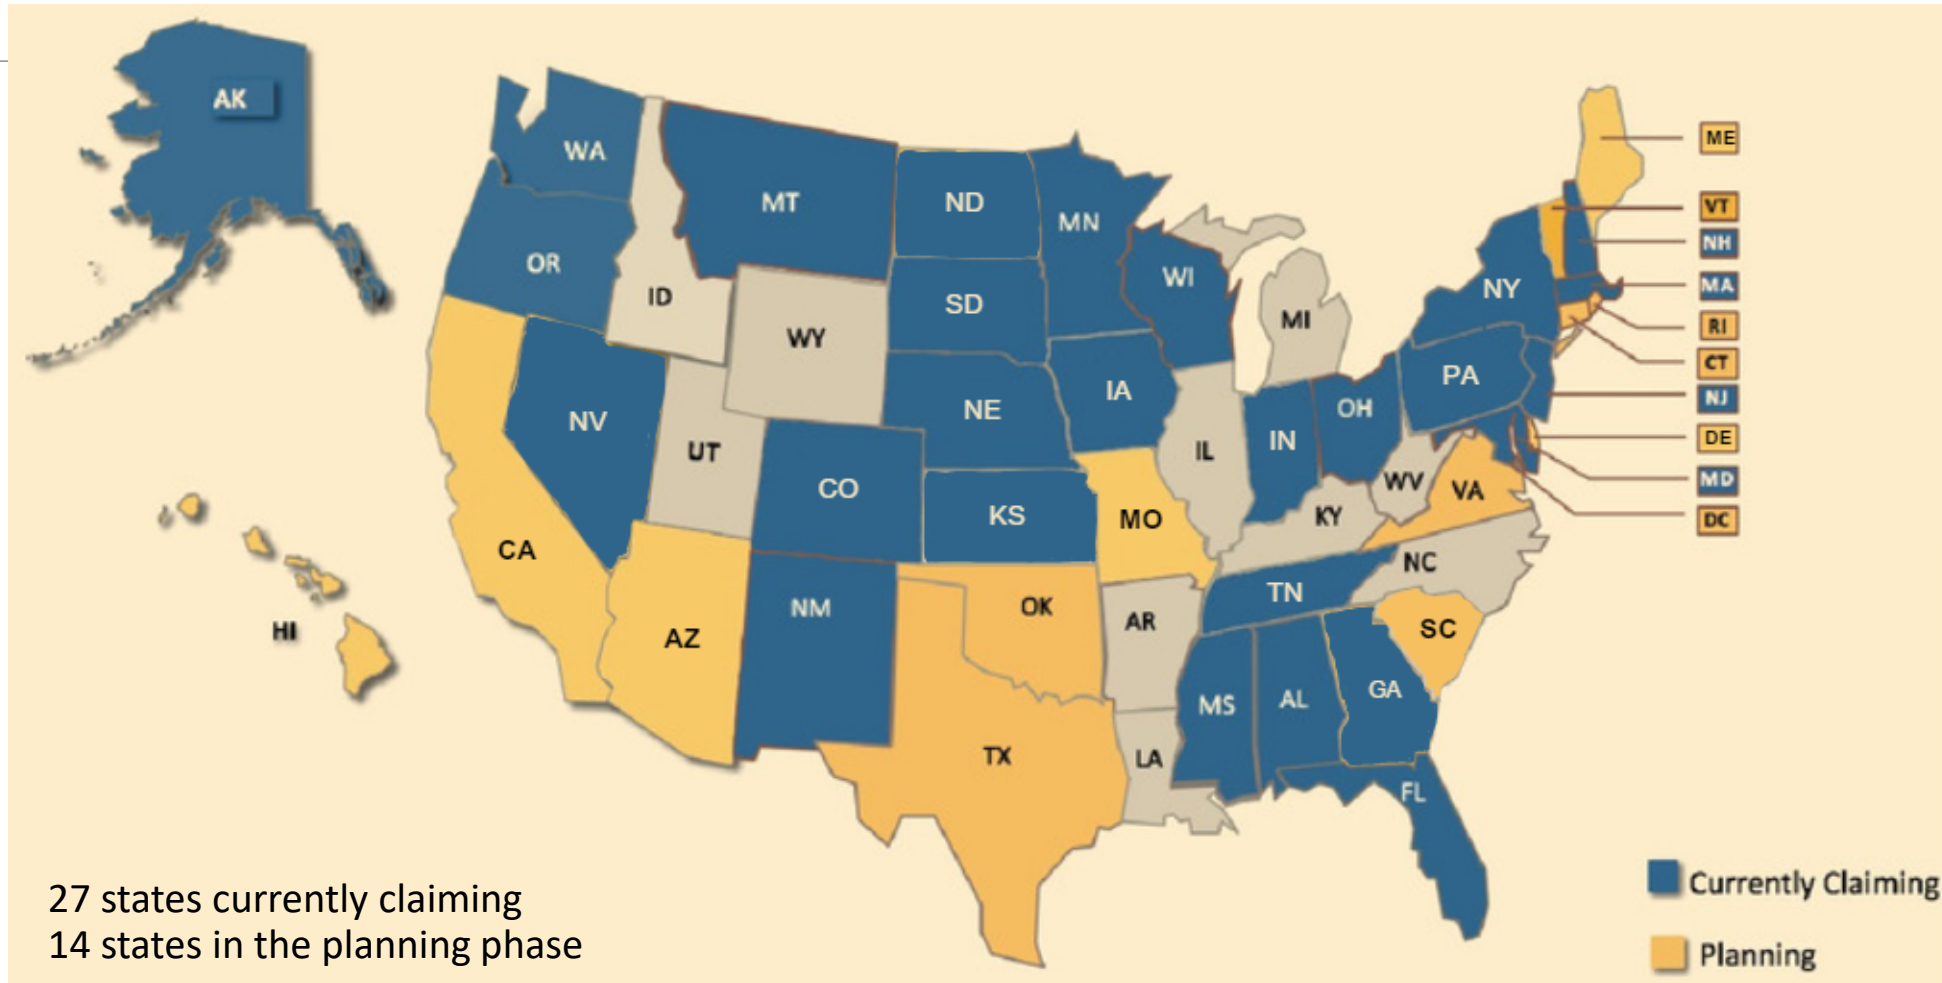

# Leverage 90/10 Medicaid Claiming

- ❑ The Medicaid Management Information System (MMIS) is a foundational component of a state's NWD System information technology structure.
- ❑ States can obtain Federal Financial Participation (FFP) for enhancements made to the state's MMIS to support the state's NWD System.
- ❑ States can obtain a matching rate of 90 percent (90/10 funding) for costs associated with building eligibility and enrollment systems and 75 percent (75/25 funding) for maintenance and operations.
- ❑ 90/10 Claiming Resource:
  - ❑ [Sustaining a No Wrong Door System: Federal Funding Strategies for Information Technology and Preadmission Screening and Resident Review \(acl.gov\)](#)

# Leverage 50/50 Medicaid Administrative Claiming

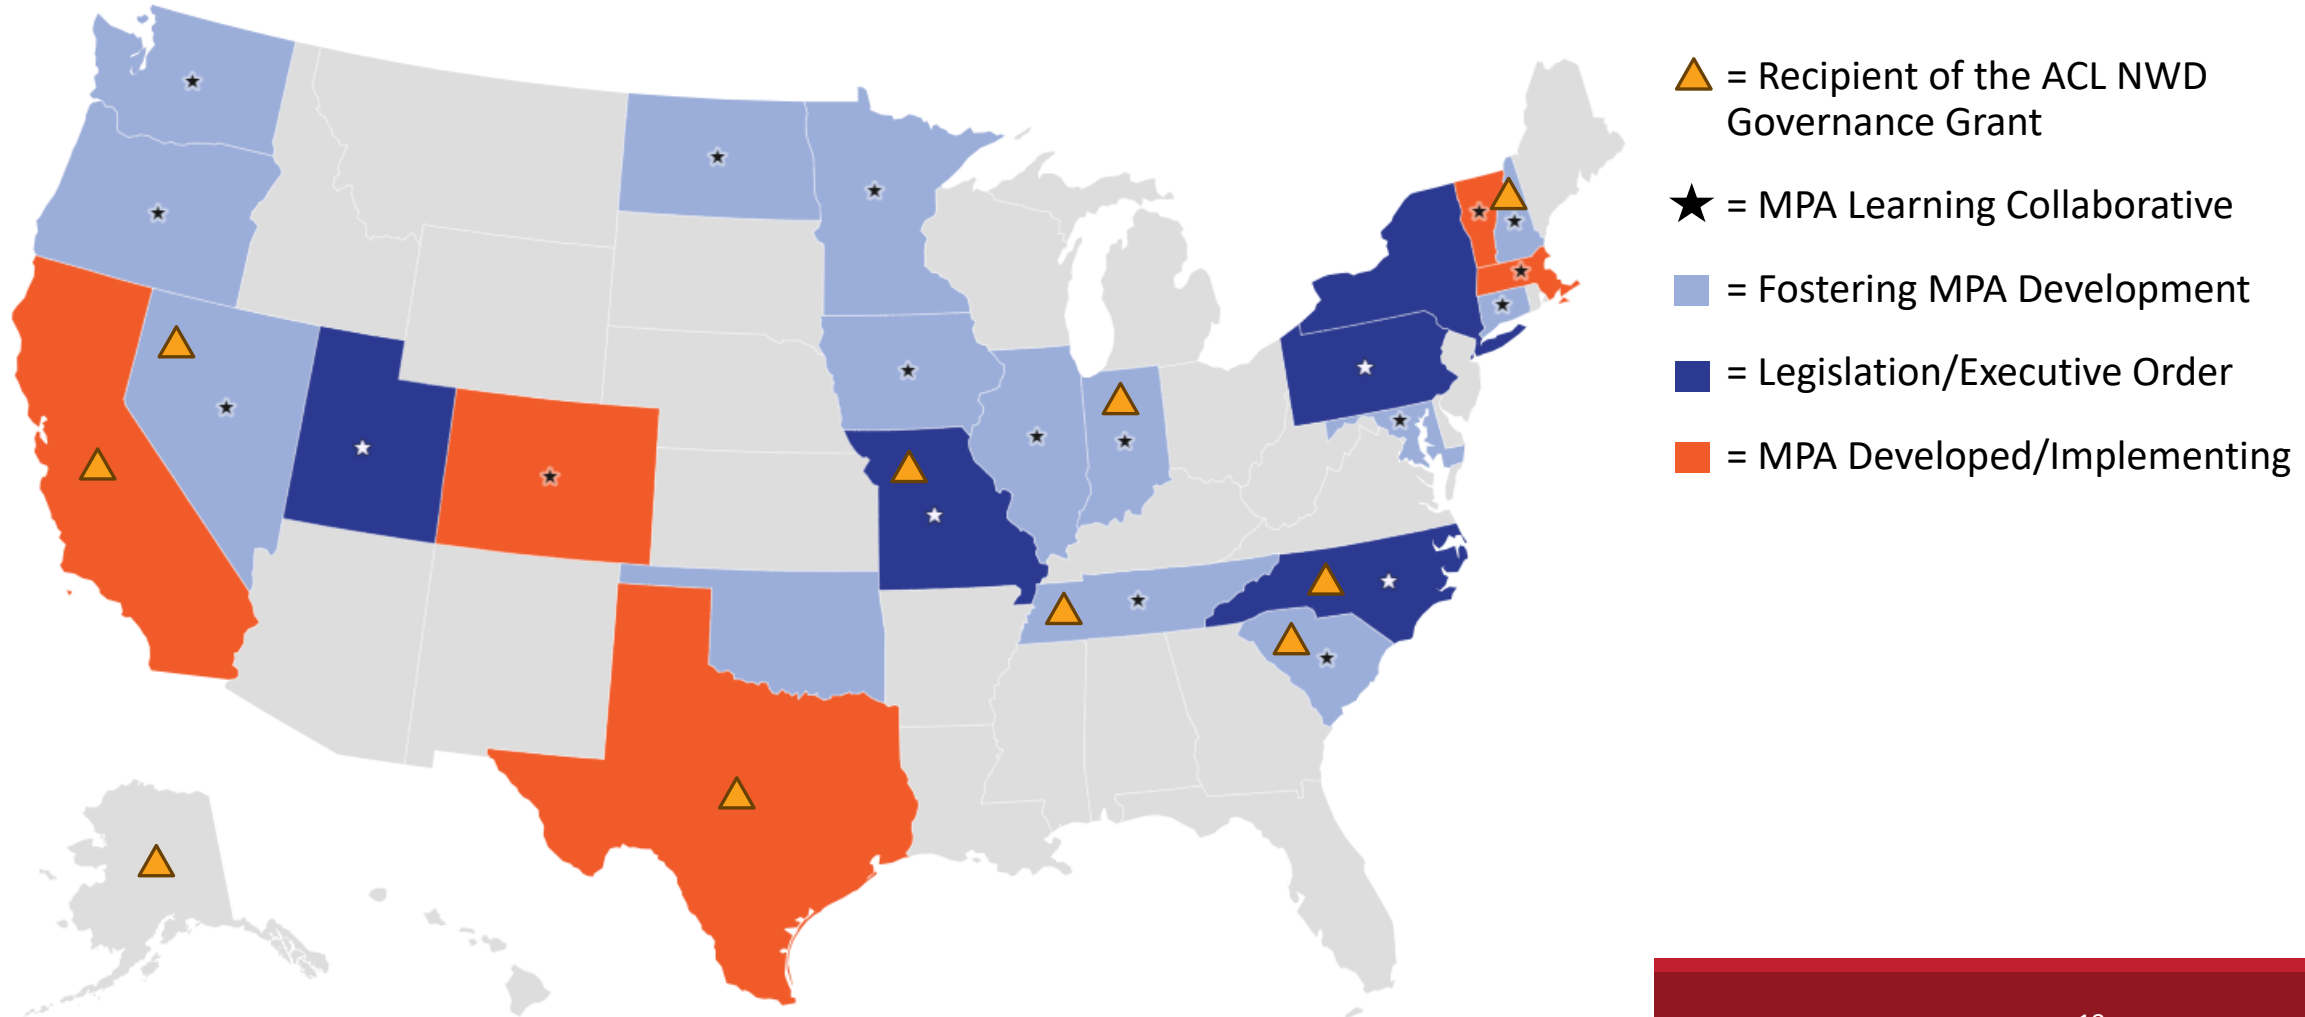

# Explore ARPA 9817 spending plans for Information Technology (IT) Enhancements

---

- ❑ The American Rescue Plan Act (ARPA) provides states with a temporary ten percentage point increase in federal funding to enhance, expand, or strengthen home and community-based services under the Medicaid program.
- ❑ Many states are using ARPA funds to enhance their IT systems.
- ❑ IT Enhancement Resources:
  - ❑ [Use of Information Technology and Management Information Systems \(IT/MIS\)](#)
  - ❑ [Selecting an IT/MIS Vendor Checklist and Timeline](#)

# Follow Public Outreach Goals coming out of Multisector Plans for Aging (MPA)

# NWD/MPA Areas for Collaboration

---

Governor/legislative support

Leadership/program team overlap between initiatives

Initiatives to strengthen the direct service workforce

Interested party engagement

Mapping the access system

# State Interview with Minnesota

---

- Tell us about your NWD system. What have been some of your greatest challenges/ accomplishments?
- Please share your approach to marketing and outreach.
- How are you intervening in critical pathways (i.e. hospitalizations, nursing facility stays, educational system transitions, etc.)
- What funding sources have you leveraged to build your public outreach capacity? (i.e. IT systems, call center, capacity of network to respond to need, marketing)
- What advice do you have for other states?

# Discussion Questions

---

- Reflecting on the presentation and interview, what are some of the strengths of your state that could be leveraged to enhance the public outreach function?
- Of the following areas, which is one that you think your state can successfully work on or which of these are already "top of mind" and why?
  - Coordination of key referral sources
  - Facilitating care transitions from hospital to home/nursing facility to home or school to adult service system
  - Providing person-centered counseling
  - Streamlining access to public and private LTSS
  - Coordinating information technology
  - Supporting caregivers
  - Reaching underserved or hard to reach populations

# Sharing with the Group

---

What was one of the best ideas or innovations your group discussed?

Any light bulb moments?

Any documents discussed that you want to share with each other?

# Call to Action

---

What is one action you will take related to today's topic?

# Continue the Conversation.....

<https://www.ta-community.com>

□ A collaboration space to stay informed, access resources, and connect with one another

□ Features include:

- Updates on NWD-related announcements and upcoming events
- Resources and promising practices
- Materials from past events
- Discussion board

The screenshot shows the ACL Technical Assistance Community website. The header includes the No Wrong Door logo, the title 'ACL TECHNICAL ASSISTANCE COMMUNITY', and the subtitle 'A collaboration space for No Wrong Door (NWD) community and partners'. Navigation links for 'HOME', 'STAY UP-TO-DATE', and 'RESOURCE HUB' are visible. A search bar is present with the text 'Search the community'. The main content area features a welcome message and a list of community sections: 'Stay Up-to-Date' (announcements and updates), 'Resource Hub' (resources and practices), and 'No Wrong Door Podcast Series'. A 'CONTACT US' section provides an email address: NoWrongDoor@acl.hhs.gov. A 'TAGS' section lists various topics with their respective counts, such as 'Care Transitions' (45), 'Social Engagement' (17), 'Telehealth' (19), 'SDoH' (18), 'Governance & Leadership' (17), 'Behavioral/Mental Health' (15), 'Outreach & Communication' (15), and 'Supporting Unique Pop.' (15). A 'View all tags' link is also present.
